\* The calculation of the Annual Percentage Rate of Charge (APR) for the Credit Card Classic, is based on the assumption that the amount granted is €1.000,- with repayment period of one year, without securities.

\*\* The calculation of the Annual Percentage Rate of Charge (APR) for the Credit Card Gold, is based on the assumption that the amount granted is €5.000,- with repayment period of one year, without securities.

The APR may be altered in the event of change in the interest rate, time, amount or frequency of the monthly installments and in the event of amendment and/or imposition of charges.
