⁽¹⁾ Your credit institution is part of an Institutional Protection Scheme officially recognised as a Deposit Guarantee Scheme. This means that all institutions that are members of this scheme mutually support each other in order to avoid insolvency. If insolvency should occur, your deposits would be repaid up to EUR 100 000.

⁽²⁾ If a deposit is unavailable because a credit institution is unable to meet its financial obligations, deposits are repaid by the DGS. This repayment covers at maximum EUR 100.000 per credit institution. This means that all deposits at the same credit institution are added up in order to determine the coverage level. If, for instance a depositor holds a savings account with EUR 90.000 and a current account with EUR 20.000, he or she will only be repaid EUR 100.000.

In case of "Customer Accounts" (for the purposes of the deposit guarantee scheme, "Customer Account" means an account whose beneficial owners are persons other than those who hold the account in their name and which is maintained on behalf of the beneficial owners) the share that corresponds to each beneficial owner, provided that the beneficial owner does not fall in the exceptions of paragraph 7(1) of R.A.A. 27/2016 as amended ("the Regulations") is calculated together with any other personal deposits and/or due payments that the same person maintains with the institution for the purposes of determining the total amount of compensation, i.e. up to the maximum limit of 100,000 euro.

Set-off: For the purposes of calculating the repayable amount, the credit balances of the deposit accounts are set off with all kinds of counterclaims that the credit institution has against the depositor,

to the extent that these have fallen due on or before the date on which the deposits become unavailable, if such set off is permitted in accordance with the statutory and contractual provisions of the contract between the credit institution and the depositor. For example, a depositor who has a deposit of €75.000 and a loan instalment of €5.000 which has fallen due, will be repaid by €75.000 minus €5.000 that is €70.000, in case of activation of the DGS.

(³) In case of joint accounts, the limit of EUR 100.000 applies to each depositor.

However, deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, without legal personality, are aggregated and treated as if made by a single depositor for the purpose of calculating the limit of EUR 100.000.

In some cases, (e.g. deposits resulting from real estate transactions relating to private residential properties and deposits that serve social purposes as laid down in the Regulations) deposits are protected above EUR 100.000.
